AACL Bioflux - manuscript reception confirmation and details Eksternal Kotak Masuk x

Tudor Papuc <ptudor2008@yahoo.com> kepada saya
Min, 3 Okt 2021 16:33

Dear Dr. Darul Prayogo,

This is a message of confirmation regarding the reception of your manuscript **Evaluation of Basic Safety Training Using the CIPP Model**, submitted to our journal AAAL Bioflux. I will soon contact you with further information regarding your manuscript.

To have a valid submission, you need to write a submission letter, and sign it. Please see the model below. Send me the submission letter, and the paper will enter the preliminary evaluation.
Also, when you send the submission letter, please write in the message the time of the study (month/year).

If you can, please recommend 1 or 2 reviewers for your manuscript. It would probably go faster this way. If you cannot, there is no problem, I will search for reviewers.

For any questions, please contact me, on this email address.

Please try to keep one message thread (respond/ask with "Reply") for an easier message management.

Also, if you sent this manuscript to any other editor (except Dr. Petrescu-Mag, at zoobiomag2004@yahoo.com), please let me know, because only 1 editor should work on your paper.

Hello,

Your paper is preliminary accepted for publication. Please find attached the preliminary acceptance letter.

After this acceptance you should pay 250 USD for publication (open access).
As the payment and bank transfer may be time consuming you may start the process of payment right now; we will send you the invoice immediately after the payment.
Please let us know when the payment is done (scanned receipt) in order to start the publishing process.

In case the peer-reviews suggest rejection, we will return the payment. The payment will not be returned in case of withdrawal request by authors or simply lack of feedback.
Please note that the Publishing House Policy does not allow to start the manuscript editing prior payment.
Here are the info for payment;
take care to write correct the details:

Beneficiary: Bioflux SRL
City: Cluj-Napoca
Country: Romania, European Union

SWIFT CODE of the bank: BTRLRO22

Account USD: RO68BTRL01302202L28614XX

Bank: BANCA TRANSILVANIA

Important! When bank transfer is used to pay a publication fee, please pay attention to which modality of payment you chose! There are three options: Ben, Our, Us.

Hello,

For PayPal, I need the following info:

1. Name of payer
2. Affiliation of payer
3. email address of payer

I will forward this info to my colleague in charge of PayPal invoice, Dr. Petrescu-Mag. He will send the PayPal invoice link on the email address from point 3. The payer can access the link and make the payment by credit/debit card (no PayPal profile/account is needed).

Thank you,

Best Regards,
 Tudor Păpuc

Hello, currently there is one positive evaluation for your paper.
 The manuscript is also at a second reviewer. After he finishes the evaluation, probably in 1-2 weeks, I will also need 1-2 weeks for correcting the English and the formatting.

So, you will get the paper probably by 20 February (plus minus a few days). So, the paper will probably be published at the start of March or end of February.

Best Regards,
 Tudor Păpuc

Hello, I am back with the paper with comments. Sorry for the delay. What you need to do is this:

1. Read all the paper carefully, because the English was corrected and the text was formatted.
2. Read carefully all the comments first (before starting the corrections, because some comments might relate to each other) and try to correct as best as you can. **Please work on this version of the manuscript. Please mark your changes (highlight with yellow, or use track changes; you can also leave the comments), so I can check them.** If you cannot correct, do not wish to do so, or have your own explanations, please write the reason as a reply to the comment or as a new comment.
3. If you have anything to add/change to the text not based on comments, please do so, but mark the changes like in point 2.
4. Try to respect the formatting when making changes.
5. After you make the corrections, please check again, to make sure everything is in order.
6. Send me back the corrected version of the manuscript.

References will be checked after the revisions are made.

I will check it, give it a final form, and send you the final version for a last check before publication.

Tudor Papuc kepada saya 15.36 (4 jam yang lalu)

Please find attached the final version.

There are a few more comments regarding citations and references, that can quickly be solved. Please correct based on the comments, as you did before, with yellow highlight.

After you make the corrections, read again the paper carefully. If you wish to change anything, please do so, but mark the changes. This would be the last time you can make changes to this manuscript; we cannot make anymore changes after publication.

After you send me the paper, I will also check it, and publish it in 1-4 days. I will let you know after it is published.

Thank you,

Best Regards,
Tudor Papuc
