BAB I. PENDAHULUAN

A. Latar belakang .......................................................... 1
B. Rumusan masalah..................................................... 3
C. Batasan masalah ....................................................... 4
D. Tujuan penelitian ...................................................... 4
E. Manfaat penelitian .................................................... 4
F. Sistematika penulisan ............................................... 5
BAB II. LANDASAN TEORI

A. Tinjauan pustaka ...................................................... 8
B. Kerangka pikir penelitian ......................................... 23

BAB III METODE PENELITIAN

A. Waktu dan tempat penelitian .................................... 25
B. Metodologi penelitian............................................... 26
C. Jenis dan sumber data ............................................... 27
D. Metode pengumpulan data......................................... 29

BAB IV ANALISA HASIL PENELITIAN DAN PEMBAHASAN

A. Gambaran umum obyek penelitian .......................... 32
B. Analisa masalah ........................................................ 35
C. Pemecahan masalah .................................................. 41

BAB V PENUTUP

A. Kesimpulan ............................................................... 61
B. Saran ........................................................................ 61
