

MOTTO

Love and Ritos.

Life is all about decision, so you just have to make a choice, take the risk, and throw your disappointment, that's a life !

Out from your comfort zone, breaks the limit !

There is no time to regret, come on young girl, wake up, don't let
Mama do it for you, it's your time.

Hidup hanya sekali, dibikin *Happy* aja lagi.

Jangan pernah membandingkan diri anda dengan orang lain, cause isn't a fair comparison. Tetapi cara terbaik adalah mengukur diri anda sekarang dan bandingkan dengan anda yang dulu.

What are you tomorrow is depend on what are you doing today, and we'd never know what tomorrow will bring. So just do your best !
